WEB DEVELOPMENT ABL

Consolidated Project Report

Student Name	M. M. Mohith Sai Chand
Roll Number	26001326
Branch	CSM
Section	CSM-7

Task 1: Personal Portfolio Website

Student profile, skills, project showcase and contact information.

HTML5, CSS3 and JavaScript. Responsive layout using Flexbox/Grid and media queries.

Task 2: College Information and Admissions Website

Institution overview, academic programs, admissions steps and inquiry form.

HTML5, CSS3 and JavaScript. Responsive layout using Flexbox/Grid and media queries.

Task 20: Restaurant and Cafe Website

Cafe story, menu, customer reviews, reservation form and contact details.

HTML5, CSS3 and JavaScript. Responsive layout using Flexbox/Grid and media queries.

Syllabus coverage

HTML basics and document structure; HTML elements, lists, images and hyperlinks; CSS syntax, classes, text properties, colors, backgrounds, typography, box model, margin, padding and borders; UI/UX principles, wireframing concepts, responsive/mobile-first design and HTML5 semantic structure.

Implementation notes

Open each project’s index.html in a modern browser. The forms are front-end demonstrations and do not send data to a backend. Contact email is left as a placeholder. College and cafe details are sample content.
